They Were Wreaking Vengeance for the Forcible Feeding of Women

London, June 3.—Militant suffragettes FUNERAL WAS HELD to-day wreaked vengeance on Dr. Francis Edward Forward, deputy governor and medical officer of Holloway Two women, who were armed with stout horsewhips, sprang upon Dr. Forward as he left the prison and they were thrash-ing him severely when a policeman came to the rescue and arrested the assailants.

The two women declared their action was a protest against forcible feeding. "for which this beast is responsible." Dr. Forward refused to charge the women with assault, but the police detained them on the charge of disorderly conduct. Dr. Forward was attacked once before in a similar manner,

and destroyed the large cricket pavilion at Earlsfield, southwest of London. A dispatch from Belfast, Ireland, says an attempt was made near there this morning by suffragettes to burn a residence.

Washington, D. C., June 3.-Ammunition for the constitutionalists of Mexico left American shores from New York yesterday bound for Tampico,

which recently was fired upon by constitutionalists outside Tampico, had left New York with munitions of war caused considerable stir in Washington. The vessel was cleared without interference

Bryan and other department officials. Subsequently, it was discovered that an opportunity to prevent clearance of vessels had been delayed and that the Antilla had procured clearance while the Washington government believed steps effectually had been taken to pre-

vent her sailing. What may happen by the time the Antilla, sailing under the Cuban flag. reaches the constitutionalist controlled port at Tampico is the absorbing topic of interest in official quarters.

No embargo from American ports was contemplated by the United States until the constitutionalists captured Tampico. Then it became apparent that this government would be required to prevent shipments of ammunition to the revolutionists in order to preserve neutrality as between the Huerta and Carranza factions in Mexico.

This led to a decision to withhold clearance papers to ships with ammunition for any port in the southern republic and the orders were directed Johnson May Not Play with Kansas City through the department of commerce

The expected German protest against the imposition of fines upon the masters of the steamships Bavaria and Ypiranga for landing munitions of war at Puerto Mexico has not yet reached Washington. Secretary Bryan was informed yesterday through the German embassy that these vessels were not government owned or controlled and that the charter taken out by the German government for them covered only the use of the vessels for the conveyance of refugees from disturbed Mexican ports.

Officials appeared to be much gratified by the conduct of the owners of the Japanese steamship Seiyomaru, reported yesterday to the navy department by Rear Admiral Badger. The vessel reached Salina Cruz at 7 o'clock Sunday morning, but, according to Admiral Badger's despatch, she landed no arms

The admiral reported that he understood the Japanese steamship company had declined to carry such a cargo, al though the goods were ordered in Japan nearly a year ago, before there was any question of an embargo.

In 1896 he became treasurer and general manager of the Woodbury Granite Co., the largest producers and manufacturers of building granite in the world, with plants at Hardwick and Bethel. At the time of his death, Mr. Bickford was the only active member of the company. He was also managing director and treasurer of the Hardwick & Woodbury railroad, a director of the Gaysville Jectric Light & Power Co., and a diector in the Holden & Leonard Co. in Bennington. In politics he was a Re-

publican, and his religious affiliation was with the Methodist church. Until Monday, the cutting plants and the quarries of the company will remain closed out of respect to Mr. Bickford's memory. The funeral arrangements

have not been completed.

SUMMER CONTINUATION SCHOOL Has Been Arranged for Public Schools in Barre.

At a recent meeting of the board of chool commissioners, it was voted to conduct a summer continuation school for six weeks during the coming summer vacation. The purpose of this school is to give pupils who failed to make their grades an opportunity to make up their work, and thus save a year of their time. The work will be restricted to grades five to nine, inclusive, and the subjects taught will be English and arithmetic. Two teachers have been employed, and a third will be added if a sufficient number enroll to make it necessary. The school will open in the Mathewson school building, Monram to-day and in the afternoon the day, June 22, and close Friday, July 31, Sessions will begin at 8:30 and close at 12. There will be no tuition charge;

It is believed that a large per cent, of those who failed to make their grades can make up their work if they attend this school. Schools of this naball team will play a team composed of ture have been successfully conducted in many cities and large villages. If it proves a success, it is planned to extend the opportunity of such a school to those who wish to do extra work in order that they may skip a grade. This

will not be possible this year, however, BURIAL AT ELMWOOD.
